## WELCOME LETTERS

### *Women's European Championship 2022*

July 15, 2022

Dear Softball Friends,

Only one week is remaining until the biggest and the most important event in the European softball Calendar. The Women's European Championship in Barcelona has many unique features, and I am happy to share it with you.

In total 21 teams from all the corners of Europe will meet in heart of Catalonia to promote top women's sport. A large portfolio of the national teams will be playing at the 2022 WECh. We can see top European teams including the Olympian team of Italy, and also, we can welcome one new team - Malta will participate in this event for the first time ever, and a very welcome comeback from Finland, absent since 2005. WECh is a phenomenal event to follow by all European youth.

WECh is the largest event in Europe and will take place in four locations in Barcelona – Sant Boi, Gavà, Viladecans, and Montjuïc in Barcelona. It is an excellent opportunity for Spain to show top women's sports over all those places.

WECh is not only an event to win a European title, but this is also Qualifier for the 2023 / 2024 WBSC World Cup. The top three teams, all medalists, will get the ticket to the first stage of the WBSC World Cup, which will be played in 2023. And the great news is that all the locations of the first stage of the WBSC World Cup are in Europe: Spain, Italy, and Ireland. The final stage of the World Cup will also be hosted in Europe in 2024: Buttrio, Italy, is getting ready to welcome the best teams in the World.

In the upcoming years, Europe will be the center of the world women's softball, and this era starts right now in Barcelona with the upcoming Women's European Championship. Let me invite all of you to follow this excellent journey and see you in Barcelona.

Best regards

Gabriel Waage  
Softball Vice-President

## CARTA DE BIENVENIDA

Queridos amigos y amigas,

Gracias a todos/as y cada uno/a de vosotros/as por estar aquí con nosotros/as hoy. Estoy muy contento de poder dar una cálida bienvenida a las delegaciones de los 21 países participantes y a todas las personas que se acerquen estos días a disfrutar del Campeonato de Europa de Sófbol Femenino. Deseo que haya una integración social y cultural entre las naciones visitantes y España, como país anfitrión. Estoy orgulloso de poder organizarla aquí, con estas maravillosas sedes y con todos/as vosotros/as.

Durante los próximos días vamos a disfrutar del mejor sófbol europeo en nuestra casa, donde la no discriminación, la igualdad, la solidaridad, la alegría del esfuerzo, la responsabilidad social, el valor educativo del buen ejemplo y la hospitalidad serán los pilares de nuestras acciones.

Es una oportunidad para ofrecer y mostrar el potencial del sófbol nacional, así como la capacidad organizativa que siempre se viene demostrando cada vez que se concede la organización de un evento internacional. El fuerte compromiso con el sófbol y con el desarrollo del juego son las razones por la que nos reunimos hoy aquí.

Estamos en un momento en el que el deporte femenino español tiene una expansión enorme y este campeonato va a dar mayor visibilidad del sófbol en nuestro país, así como de forma global. El deporte femenino está en auge, no tan solo por las practicantes sino también por el número de mujeres que siguen con atención los eventos deportivos como este.

Ningún evento de esta magnitud se puede lograr sin trabajo en equipo. Quiero agradecer el entusiasmo, la dedicación, la ilusión y el buen hacer de todas las personas que están haciendo que esto sea posible, desde las diferentes federaciones involucradas como la WBSC Europe, la Real Federación Española de Béisbol y Sófbol, la Federación Catalana de Béisbol y Softbol, el apoyo de todas las instituciones: Consejo Superior de Deportes, Generalitat de Cataluña, Diputación de Barcelona, Ayuntamientos de Sant Boi, Barcelona, Gavà y Viladecans, Comité Organizador, Comité Ejecutivo, empresas, medios y voluntarios.

Presidente

Sustainability is very important for us, and we have put in place different initiatives and actions to implement during the event that will help us reduce the impact in the environment.
