

Appendix A

A. GENERAL CONDITIONS

A1. PLAYERS ELIGIBILITY

A1.3. A athlete-player who is a national of two or more countries or at the same time may represent either one of them, as he may elect. However, after having represented one of them (in any WBSC ASIA Sanctioned Event) he may not represent another country or region unless he meets the conditions set forth in the following paragraph that apply to persons who have changed their nationality or acquired a new nationality. (Note: other non-official WBSC ASIA Invitational Tournaments are considered exceptions to this rule).

A1.4. A athlete-player who has represented one country in any WBSC ASIA Sanctioned Event, and who has changed his nationality or acquired a new nationality shall not participate in any of the competitions to represent his new country or region until three years after such change or acquisition. (Note other non-official WBSC ASIA Invitational Tournaments are considered exceptions to this rule). This period may be reduced or even canceled with the agreement of the initial National Federation and the approval of the WBSC ASIA Executive Board.

A1.5. If an associated state, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, or if a new NOC is recognized by the IOC, a athlete-player may continue to represent the country or region to which he belongs or belonged. However, he may, if he prefers, choose to represent his country, or be entered in the WBSC ASIA official competition (or the Olympic qualifying tournaments) by his new Federation or NOC if one exists. This particular choice may only be made once.

A1.6. In all cases not expressly addressed in this 'By-law', in particular in those cases in which a athlete-player would be in a position to represent a country other than that of which he is a national or have a choice as to the country or region which he intends to represent, the WBSC ASIA Executive Board may take all decisions of a general or individual nature, and, in particular, issue specific requirements relating to nationality, citizenship, domicile or residence of the competitors, including the duration of any waiting period.

A1.7. Should an eligibility violation occur, and a athlete-player be proven to be ineligible prior to any matches being played, the athlete-player is automatically removed from his team roster and will not be allowed to participate in any further matches of the competition. The Tournament Director of the Competition will notify the WBSC ASIA Executive Board for further action.

A1.8. Should a violation be discovered during the competition and after the athlete-player has played in one or more match, the athlete-player is automatically removed from the roster, and any match in which he actually played shall be considered a forfeited match for his team. The team shall continue to play in the competition, and the infraction shall be reported by the Tournament Director of the Competition to the WBSC ASIA Executive Board for further action.

A1.9. Should a violation of eligibility be discovered after the competition, the case can be submitted by the Tournament Director, or by the National Federation, directly to the WBSC ASIA Executive Board for further action. In any case the Executive Board may act officially should a violation of eligibility be discovered after the competition.

A1.10. A athlete-player, removed for any eligibility violation, cannot be replaced by another athlete-player. A team can be penalized for eligibility violation only if a athlete-player has actually played in a match.

A1.11. In any case, it is the obligation of the Delegation or the National Federation, officially protesting the ineligibility of a athlete-player, to produce valid proof, the documentation and all the information regarding the violation in writing at the moment when filing the protest.

A2. FINAL TEAM ROSTER – (FTR)

A2.5. The non-fulfillment of the deadline to submit the documents mentioned under point A 2.2., the incomplete submission or lack of fulfillment of any of the sections may be sanctioned with a USD five hundred (500) fine per day until the problem is corrected.

A2.6. Once the athlete-player's verification is over, limited number of changes of the FTR will be permitted for the duration of the competition. Copies of the FTR shall be provided to each Delegation Leader, Tournament Director, Game Officials, Anti-Doping Commissioner and Media before the start of the competition.

A3. PRE-COMPETITION TECHNICAL/ORGANIZATIONAL MEETING

A3.2. The Pre-Competition Technical/Organizational Meeting will be chaired by the Tournament Director assigned for the competition representative of the Local Organizing Committee (LOC) and a representative of the WBSC ASIA.

The following items will be discussed in this meeting:

- Relationships between the Tournament Director, Game Officials, Delegation Leaders, Coaches, LOC.
- Conduct of the matches.
- Competition Norms.
- Ground Rules (if necessary).
- Handling protests.
- Handling ejections.
- Sanctions/penalties against teams or players
- Information on the second phase of the Competition.
- Communication between the Officials Director of the Competition and the teams.
- Teams transportation (information provided by the LOC).
- Accommodation and meals (information provided by the LOC).
- General information (information provided by the LOC).
- COVID-19 health measures (information provided by the LOC)
- Open/Free day, if any.
- Hotel Conduct (information provided by the LOC).
- Team Uniform (colors must be assigned per each match of the opening round)
- Impact of TV production (if televised).
- Relationship with the media and teams' media obligations

Note: All materials handed out at this meeting should be printed in English.

A4. DOPING CONTROL

A4.2. During an official competition of any Baseball5 event under WBSC ASIA control, unless agreed with the WBSC ASIA Anti-Doping Program, the frequency of doping controls shall be as follows.

Opening Round: at least one match from each group each day with two players selected per team. The intention in the Opening Round is to test each team at least once and preferably twice. However, such testing shall be limited to up to 2 matches per day.

Second Phase: two players per team may be selected from all Second Phase and Medal Matches.

A4.3. WBSC ASIA will appoint a WBSC ASIA Anti-Doping Commissioner to oversee the anti-doping program. The WBSC ASIA Anti-Doping Commissioner may vary the test distribution in consultation with the head Doping Control Officer (DCO).

A4.4. For matches in which doping controls will be conducted, the following procedure shall be followed:

- At the first inning of the first game the head DCO, the WBSC ASIA Anti-Doping Commissioner and a Game Official not on duty, with a copy of the starting Line-ups, shall meet in the Doping Control Station. The head DCO will have a copy of the FTR for the selection process.
- The Delegation Leader has to confirm to the Game Official that all players are at the match and if one is missing (for injury, sickness, etc...) why and where the player is (for Doping test reason).
- The head DCO will provide a random system. In the case of no available system, player names or numbers will be written on pieces of paper and cut up.
- A random selection process will be conducted for each team. This will include selection of reserve players in the event the original selected player/s are seriously injured during the match.
- If one player from each team is being selected, all players will be included in the draw, and one reserve player selected. If two players from each team are being tested, the first selection will be from the Starting Line-up, the second from the full player roster. The reserve selections will be made from the full list.
- While a player may be subject to doping control on more than one occasion, the WBSC ASIA Anti-Doping Commissioner may ask for a redraw if the player has already been tested twice at the same tournament.
- The selections will be marked on the Starting Line-up, signed by the parties in attendance and given to the DCO.
- The names of the selected players shall not be communicated to the teams before the end of the match.

A4.5. Players must stay at the field for the duration of the match. The Game Official(s) assigned to the match and the Tournament Director shall be informed immediately in case of a player needs to be absent from the field or tournament at any time.

A4.6. If a selected player gets seriously injured and needs to be immediately hospitalised, the reserve player selected from the same team shall be tested instead. In such a case, medical evidence on the serious status of the injury must be given to the WBSC ASIA Anti-Doping Commissioner. The injured player may still be selected for a doping control by WBSC ASIA once they have recovered. *For example:* a player is hurt before the doping procedure on a Monday and goes to the hospital. On Tuesday, the player is taken off the roster but is still in the country at the hotel or at the match. That player is still eligible to be tested just as the rest of the players on the initial FTR are eligible to be tested. In short, any player who is injured or removed from the roster is still subject to the same drug testing procedures as the rest of the team.

A4.7. Any players on the Final Team Roster (FTR) not present at the match may be selected by WBSC ASIA for a doping control whether still in the host city or not.

A4.8. The LOC is responsible for getting the Doping Control Station properly equipped and ready for use.

A4.9 Doping control will take place at all WBSC ASIA Baseball5 World Cups.
