- ▶ **43.3 MILLION**  
are children

The **Azraq** Refugee Camp is located near Azraq, Jordan, and was built for refugees of the Syrian Civil War in 2014.

**AZRAQ**  
 JORDAN

## The camp

Developed, and operated by the **United Nations High Commissioner for Refugees (UNHCR)**, in conjunction with the Government of Jordan, the camp hosts close to 40,000 refugees.

The Baseball5 Azraq Refugee Team project is a remarkable initiative aimed at providing hope and opportunity for displaced people through the urban discipline of Baseball5.

*The Azraq Refugee Camp has an indoor facility to train 365 days a year*

This project was born out of a collaboration between the **World Baseball Softball Confederation (WBSC)**, **World Taekwondo** and the **Taekwondo Humanitarian Foundation** with the support of the **UNHCR**, with the goal of using sport to promote social inclusion and the integration of refugees.

The project is bringing the Olympic values, educational programmes, physical and psychosocial wellbeing to young refugees, contributing to building their citizenship and social cohesion with local communities. It also aims to reduce inequalities and promote the value of diversity in a peaceful world.

## Future goals

- Use Baseball5 to make our sport accessible to refugees and forcibly displaced people around the world.
- Baseball5 Refugee Team to represent these communities at the Youth Olympic Games Dakar 2026.
