A. GENERAL NORMS

A1. PLAYERS ELIGIBILITY

Nationality of Competitors

A1.1. Any player in any WBSC official competition must be a national of the country or region of the Federation that is entering him.

A1.2. All disputes relating to the determination of the country which a competitor may represent in a WBSC official competition or qualifying tournaments for WBSC Official Competitions shall be resolved by the Executive Board of the WBSC.

A1.3. A competitor who is a national of two or more countries or at the same time may represent either one of them, as he may elect. However, after having represented one of them (in a WBSC Women's Softball World Cup, Men's Softball World Cup, U-23 Men's Softball World Cup, U-18 Women's Softball World Cup, U-18 Men's Softball World Cup, U-15 Women's Softball World Cup, U-12 Mixed Softball World Cup, Continental or Regional Games or World or Regional Championships recognised by the WBSC), the competitor may not represent another country or region unless he/she meets the conditions set forth in the following paragraph that apply to persons who have changed their nationality or acquired a new nationality. (Note: Some non-official WBSC Invitational Tournaments may be considered exceptions to this rule).

A1.4. A competitor who has represented one country in a WBSC Softball World Cup, Regional and Continental Championships (EG European Championships or Asian Championships), the U-23 Softball World Cup, the U-18 Softball World Cup, the U-15 Softball World Cup and the U-12 Mixed Softball World Cup and who has changed her/his nationality or acquired a new nationality shall not participate in any of the aforementioned competitions to represent her/his new country or region until three years have passed since the competitor last represented her/his former country. (Note: Non-official WBSC Invitational Tournaments may be considered exceptions to this rule). This period may be reduced or even cancelled with the agreement of the initial National Federation and the approval of the WBSC Executive Board.

A1.5. If an associated state, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, or if a new NOC is recognised by the IOC, a competitor may continue to represent the country or region to which she/he belongs or belonged. However, she/he may, if she/he prefers, choose to represent her/his country or be entered in the WBSC official competition or the Olympic qualifying tournaments by her/his new Federation or NOC if one exists. This particular choice may only be made once.

A1.6. In all cases not expressly addressed in this By-law, in particular in those cases in which a competitor would be in a position to represent a country other than that of which she/he is a national or have a choice as to the country or region which she/he intends to represent, the WBSC Executive Board may take all decisions of a general or individual nature, and, in particular, issue specific requirements relating to nationality, citizenship, domicile or residence of the competitors, including the duration of any waiting period.

A1.7. Should an eligibility violation occur, and a player is proven to be ineligible prior to any games being played, the player is automatically removed from her/his team roster and will not be allowed to participate in any game of the competition. The Technical Commission of the Competition will notify the WBSC Executive Board for further action.

A1.8. Should a violation be discovered during the competition and after the athlete has played in one or more games, the player is automatically removed from the roster, and any game in which she/he actually played shall be considered a forfeited game for her/his team. The team shall continue to play in the competition, and the infraction shall be reported by the Technical Commission of the Competition to the WBSC Executive Board for further action.

A1.9. Should a violation of eligibility be discovered after the competition, the case can be submitted by the WBSC Technical Commission, or by the National Federation, directly to the WBSC Executive Board for

further action. In any case, the Executive Board may act officially should a violation of eligibility be discovered after the competition.

A1.10. A player removed for any eligibility violation cannot be replaced by another player. A team can be penalised for eligibility violation only if a player has actually played in a game.

A1.11. In any case, it is the obligation of the Delegation or the National Federation, officially protesting the ineligibility of a player, to produce valid proof, the documentation and all the information regarding the violation in writing at the moment when filing the protest.

A1.12. Refer to the Tournament Regulations Appendix I to see specific tournament age eligibility.

Provisional Members

A1.13. A National Team from a Provisional Member may participate in a WBSC official competition at the Regional or Continental level ("Regional Competition") but not in any event as per the **WBSC Event calendar** (i.e., Olympic Games, World Cup's, World Games, etc.)

- The provisions in A1. to A1.12 apply to a Provisional Member player, club team and national team in a Regional Competition.
- A player who is a national of two or more countries/regions, one of which is a Provisional Member, may, on evidence of nationality, elect to represent either (i) a Provisional Member National Team or (ii) a Full Member National Team. Having done so, such a player can not represent any other National Team in the same Calendar Year.
- If a player that played for a provisional member National Team wishes to change and play for the National Team of a full member, or vice versa, the player needs to request permission to do so from the WBSC.

A2. PROVISIONAL TEAM ROSTER - (PTR)

A2.2 If any players, manager or coaches on Provisional Team Roster become unavailable after the PTR deadline due to injury, sickness or any other reasons that are approved by WBSC, they may be replaced on Provisional Roster. National Federations must obtain WBSC's approval in writing before making such changes. These documents should be in the hands of the Technical Director at the time of the Pre-Competition Technical/Organisational Meeting. If for whatever reason, previously known and accepted by the WBSC, a team arrives in the country later, the team should make sure that the Technical Director gets these documents no later than upon the team's arrival.

A5. DOPING CONTROL

A5.1. Doping Control will be conducted in accordance with the WBSC Anti-Doping Rules, which are in compliance with the World Anti-Doping Code.

A5.2. During an official competition of any Softball event under WBSC control, unless agreed with the WBSC Anti-Doping Program, the frequency of doping controls shall be as follows.

Opening Round: at least one game from each group each day with two players selected per team. The intention in the Opening Round is to test each team at least once and preferably twice. However, such testing shall be limited to up to 2 games per day.

Super Round/Placement Round: two players per team may be selected from all Super Round, Placement Round and Medal Games.

A5.3. WBSC will appoint a WBSC Anti-Doping Commissioner to oversee the anti-doping program. The WBSC Anti-Doping Commissioner may vary the test distribution in consultation with the head Doping Control Officer (DCO).

A5.4. For games in which doping controls will be conducted, the following procedure shall be followed:

- At the end of the first half of the fourth innings, the head DCO, the WBSC Anti-Doping Commissioner and one of the Technical Commissioners in charge of the game, with a copy of the starting Line-ups, shall meet in the Doping Control Station. The head DCO will have a copy of the FTR for the selection process.
- The Team Head Coach has to confirm to the TC that all players are at the game and if one is missing (for injury, sickness, etc....), why and where the player is (for Doping test reason).
- The head DCO will provide a random system. In the case of no available system, player names or numbers will be written on pieces of paper and cut up.
- A random selection process will be conducted for each team. This will include selection of reserve players in the event the original selected player/s are seriously injured during the game.
- If one player from each team is being selected, all players will be included in the draw, and one reserve player selected. If two players from each team are being tested, the first selection will be from the Starting Line-up, the second from the full player roster. The reserve selections will be made from the full list.
- While a player may be subject to doping control on more than one occasion, the WBSC Anti-Doping Commissioner may ask for a redraw if the player has already been tested twice at the same tournament.
- The selections will be marked on the Starting Line-up, signed by the parties in attendance and given to the DCO.
- The names of the selected players shall not be communicated to the teams before the end of the game.

A5.5. Players must stay at the field for the duration of the game. The Technical Commissioner(s) assigned to the game and the Executive Director shall be informed immediately in case of a player needs to be absent from the field or tournament at any time.

A5.6. If a selected player gets seriously injured and needs to be immediately hospitalised, the reserve player selected from the same team shall be tested instead. In such a case, medical evidence on the serious status of the injury must be given to the WBSC Anti-Doping Commissioner. The injured player may still be selected for doping control by WBSC once they have recovered. *For example:* a player is hurt before the doping procedure on a Monday and goes to the hospital. On Tuesday, the player is taken off the roster but is still in the country at the hotel or at the game. That player is still eligible to be tested just as the rest of the players on the initial FTR are eligible to be tested. In short, any player who is injured or removed from the roster is still subject to the same drug testing procedures as the rest of the team.

A5.7. Any players on the Final Team Roster (FTR) not present at the game may be selected by WBSC for doping control, whether still in the host city or not.

A5.8. The LOC is responsible for getting the Doping Control Station properly equipped and ready for use.

A5.9 Doping control will take place at all WBSC official tournaments and age categories except at U-12 and U-15 Softball World Cups.

C7. PLAYING RULES AND PACE OF PLAY

Official Softball Rules

C7.1. All games will be played under the *Official Rules of Softball* and *Softball Umpire Case Book* procedures and interpretations unless noted in this section.

Bats

C7.2. Each team must have their bats checked by the umpires prior to the start of their first game and thereafter, if necessary, in the tournament. A bat must be on the WBSC Softball Bat Approved List and have the 2005 ISF / 2019 WBSC Certified Logo on the bat. A bat compression test machine shall be present at all tournaments, and all bats must pass the WBSC Softball compression standard set by the WBSC. Failure to meet any of the criteria above will result in the bat not being permitted for use at the tournament. Bats approved for use will be marked, and any bat used that is not so marked will be considered an illegal bat.

C7.3. Bats taken off WBSC List because manufacturer leaves the program or withdraws are still legal for 5 years after withdrawal by the manufacturer provided the bat still meets the bat standards set out in Rule C7.2.

C7.4. With respect to two-piece bats:

- a) Manufacturers must demonstrate that the interchangeable bat fails in a safe manner, i.e., visible damage before locking feature fails.
- b) Bat components must be designed in a way to prevent uncertified equipment alterations. 2005 ISF / 2019 WBSC Certified Logo must appear on either the handle or the barrel.

C7.5. Bats with identifying marks and/or logo of the original manufacturer may be used in any WBSC Softball Tournament and other WBSC sanctioned competitions. The original manufacturing mark and/or logo shall not represent more than ten (10) percent of the equipment.

Helmets are mandatory on offence for batters, on-deck batters, batter-runners, runners, youth age players who coach in the first and third base coaches' box, and youth age representatives that participate as a bat boy or girl while on the field or in the dugout. All other equipment must adhere to the specifications as set in the official rules of the WBSC Softball.

C7.7. There shall be no equipment laying on the ground that may obstruct playing of the game or present a hazard for players and umpires. Teams will be responsible to keep all equipment inside the dugout and may be subject to fines if warned by the Umpire.

C7.8. The double base shall be used in all WBSC Softball Tournaments.

Run Ahead Rule

C7.9. A game must be called a regulation game if one team leads the other by fifteen (15) runs or more after three (3) innings, ten (10) runs or more after four (4) innings, or seven (7) runs or more after five (5) innings have been played. Both the visiting team and the home team must complete the same number of innings at bat unless the home team leads by the required number of runs, and the game is called at that point.

The run ahead rule will not be in effect for the Medal Games.

WBSC Exceptions to the Official Softball Rules

C7.10. The need to speed-up the play of international competition games must be constantly stressed to the Umpires, Team Head Coaches and Coaches, and the following rules must be constantly enforced in an effort to keep the game moving quickly:

- a) In the event of inclement weather or other unforeseen conditions, the Technical Commissioners assigned to the game will have the responsibility of determining the start of a game.
- b) Warm-up Pitches - 5 warm-up pitches in both halves of the first inning and 3 warm-up pitches thereafter. New pitchers are allowed 5 warm-up pitches. The Umpire can limit to 1 warm-up pitch if they do not send out a warm-up catcher immediately.;
- c) A defensive team has only three (3) charged defensive conferences in a seven-inning game.
 - Charged defensive conferences are accumulative and do not start over when a new pitcher enters the game.
 - Charged defensive conferences not taken in the seven innings do not carry forward to extra-inning games.
 - There is only one charged defensive conference for every extra inning in an extra-innings game. A charged defensive conference not taken in an extra-inning of a game may not be carried over to any subsequent extra inning.
 - A charged defensive conference ends when the defensive team member crosses the foul line returning to the dugout or a fielder returns to the field.
 - A conference includes players in the field leaving their position and going to the dugout for instructions, regardless of whether or not 'TIME' has been requested.
- d) Teams are allowed a maximum of 1 "offensive charged conference" per inning. Only one charged conference per inning is permitted. This includes batter, runner, on-deck batter and the coaches amongst themselves.
- e) Twenty-Second (20) Clock Rule:

The following procedure and guidelines will be in place for the use of the Twenty-Second (20) clocks at all WBSC Softball World Cups:

 1. The Clocks will be placed on the playing field where they can be easily viewed by the players, Head Coaches, umpires and spectators. One clock will be on or near the scoreboard in the outfield so as to be visible to the batter and the plate umpire. The other(s) clock shall be placed on the outside of the playing field to either the right or left of home plate so as to be visible to the pitcher and one more of the base umpires.
 2. The clock will be managed by a Tournament Umpire or trained volunteer assigned by the UIC.
 3. The twenty (20) second clock will begin:
 - when the Umpire says "Play Ball";

- when a new batter is in the vicinity of the batter's box, and the pitcher has possession of the ball in the pitching circle, and the catcher and Umpire are in position, the Umpire shall signal with a chopping motion to begin the clock;
- when after a pitch, the catcher is in a position to return the ball to the pitcher;
- when the Umpire indicates "Play Ball" after the batter leaves the batter's box as a result of one of the Exceptions listed below. The Umpire shall indicate "Play Ball" once all play has ceased, and the batter is in or near the batter's box, the pitcher has possession of the ball in the pitching circle, or the catcher is in a position to return the ball to the pitcher. The Umpire shall signal with a chopping motion to begin the clock. This includes a foul ball, a dead ball being called or Time being called, even if the batter does not leave the batter's box;
- on a passed ball, once all play has ceased, and the batter is in or near the batter's box, the pitcher has possession of the ball in the pitching circle, or the catcher is in a position to return the ball to the pitcher, the Umpire shall signal with a chopping motion to begin the clock;
- when there is no longer an opportunity for a play or attempted play by the catcher, and all runners returned to their base, the batter is in or near the batter's box, the pitcher has possession of the ball in the pitching circle, or the catcher is in a position to return the ball to the pitcher, the Umpire shall signal with a chopping motion to begin the clock;
- on a checked swing, once all play has ceased, and the batter is in or near the batter's box, the pitcher has possession of the ball in the pitching circle, or the catcher is in a position to return the ball to the pitcher, the Umpire shall signal with a chopping motion to begin the clock.

The pitcher has twenty (20) seconds to begin his wind-up after the twenty (20) second clock begins. If the twenty (20) second clock expires prior to the pitcher starting the pitch wind-up, the ball shall be declared dead and a ball awarded to the batter. The pitch starts when the pitcher begins any motion that is part of the wind-up. The Umpire responsible for pitcher clock violation administration (normally the 2nd base umpire) shall call and signal "dead ball", point to the pitcher with an open hand and say, "clock violation". The plate umpire shall award the batter a ball and give the new count.

Once the twenty (20) second clock has started, the batter has ten (10) seconds to enter the batter's box and must keep one foot in the batter's box between pitches. Failure to keep one foot in the batter's box shall result in a strike being called on the batter. The batter may only step out of the batter's box with both feet in the following circumstances:

- when the ball is hit;
- on a swing, provided it is the momentum of the swing that takes them out of the batter's box;
- if forced out of the batter's box to avoid a pitch;
- on a wild pitch;
- on an attempted play at the plate or by the catcher on an advancing runner or by any player;
- if time has been called, or the plate umpire leaves his position to perform other duties not directly connected with the calling of plays;
- if the pitcher leaves the pitching circle;
- on a 3-ball count that the batter thinks the pitch was a ball.

A delay of the game caused by the failure of the batter to keep one foot in the batter's box between pitches will result in the ball being declared dead and a strike awarded against the batter. The Plate umpire shall call and signal "dead ball", point to the batter's box and say, "batter's box violation", and award a strike on the batter and give the new count.

If time is called during the twenty (20) second time period, the clock will be paused and the time recommence at the point where it stopped after the Umpire is sure the batter and pitcher are ready. The Umpire will indicate "play ball", and the clock will restart.

No time shall be granted in the last five (5) seconds of the twenty (20) second clock run down. If time should be inadvertently granted, the clock shall be reset to twenty (20) seconds.

The calling of or the failure to call a clock violation or a batter's box violation by the Umpire is NOT subject to appeal or protest.

f) Collision Rule

The WBSC is concerned about unnecessary and violent collisions, primarily with the catcher at home plate and with infielders at all bases. The intent of this rule is to encourage base runners and defensive players to avoid such collisions whenever possible.

1. When there is a collision between a runner and a fielder who clearly is in possession of the ball, the Umpire shall judge:

- I. Whether the collision by the runner was avoidable (could the runner have reached the plate without colliding) or unavoidable (the runner's path to the plate was blocked);
- II. Whether the runner actually was attempting to reach the plate or attempting to dislodge the ball from the fielder. Contact above the waist shall be judged by the Umpire as an attempt by the runner to dislodge the ball; or
- III. Whether the runner was using flagrant contact to maliciously dislodge the ball.

PENALTY:

- If the runner attempted to dislodge the ball, the runner shall be declared out even if the fielder loses possession of the ball. The ball is dead, and all other base runners shall return to the last base touched at the time of the interference.
- If the fielder blocks the path of the base runner to the plate, the runner may make contact, slide into, or collide with a fielder as long as the runner is making a legitimate attempt to reach the plate.
- If the flagrant or malicious contact by the runner was before the runner's touching the plate, the runner shall be declared out and also ejected from the contest. The ball shall be declared dead immediately. All other base runners shall return to the bases they occupied at the time of the pitch.
- If the contact was after a preceding runner had touched home plate, the preceding runner will be ruled safe, the ball becomes dead immediately and all other base runners will return to the base they had last touched prior to the contact.
- If the runner is safe and the collision is malicious, the runner shall be ruled safe and ejected from the game.

2. If the defensive player blocks the plate or base line clearly without possession of the ball, obstruction shall be called. The Umpire shall signal and say, "obstruction." The Umpire shall let the play continue until all play has ceased, call time and award any bases that are justified in Rule 5.10.2 of the Official Rules of Softball. The obstructed runner will be awarded the bases or bases they would have reached in the Umpire's judgement had there been no obstruction.

- If the base runner collides flagrantly, the runner shall be declared safe on the obstruction but will be ejected from the contest. The ball is dead.
- If the offensive player, defensive player and ball arrive at the contact point at the same time, it is not considered to be either obstruction or interference. If the contact is flagrant, it is considered unsportsmanlike, and the offending player should be ejected.

g) Extra-Inning Rule:

If the game remains tied after the completion of seven (7) innings, the following procedures will be implemented during extra innings:

- Each team will begin the eighth (8th) inning (and any subsequent necessary extra innings) with the player scheduled to bat last in the inning on second, no outs.
- The line-up will continue as in any other inning. For example, if the 7th inning ends with the #8 hitter having the last plate appearance (PA), the 8th inning begins with the #9 at-bat, and 2B runner is the #8 in the line-up. The runner can be substituted in accordance with the substitution rules.
- With the exception of beginning the inning with runners on 2B with no one out, all other "Official Rules of Softball" and "WBSC Tournament Regulations" will remain in effect during extra innings required to determine a winner.
- The traditional system of the visiting team hitting in the top of the inning and the home team hitting in the bottom of the inning (if needed) will remain in effect until a winner is determined.

C8. COMPETITION GAME SCHEDULE

C8.1. Once the competition game schedule has been approved by the WBSC, it becomes inviolable and can only be amended further to a new decision of the WBSC in conjunction with the LOC and all stakeholders. Nevertheless, if during the competition there are reasons unforeseen in these norms and an amendment to the schedule would be necessary, changes to the game schedule could be done through a joint proposal of the Competition's Technical Commission and the Local Organising Committee to the WBSC Executive Director, who is the only person entitled to sanction an amendment. The WBSC Executive Director shall officially approve the new game schedule in writing before being released to all participants.

C9. SUSPENDED GAMES

In case a game is stopped because of weather, curfew or other reason, the following will apply:

C9.1. Before a contest becomes a regulation game, it is not an official game and shall be resumed at the exact point of suspension. All games must go at least seven (7) innings, except if forfeited or ended by the Run Ahead Rule.

C9.2. After it becomes a regulation game, it is ruled a complete game.

C9.3. In the advent of adverse weather conditions, the Technical Commissioners, Umpire in Chief in conjunction with the Home Plate Umpire shall decide whether a game shall be:

1. In the case of a game that has not started:
 - Commenced, with particular attention being given to an impending storm and for both teams to have equal innings of playing conditions, or
 - Delayed, with any such game being rescheduled at a later time and/or date.
2. In the case of a game that has commenced:
 - Suspended for a short period of time (up to a maximum of three (3) hours), or
 - Deferred for a long period of time (in excess of three (3) hours), with particular attention being given for both teams to have equal innings of playing conditions.

A game will be resumed after a suspension or deferral at the exact point where the game was interrupted as long as the event schedule and time remaining allow. The scheduling of completion of suspended game shall be given priority by Technical Commission in order to complete it as soon as possible.

C9.4. All suspended, tied or games not played shall be re-scheduled by the Technical Commission and the WBSC Office in order to resume them following the suspension order if applicable. The new schedule has to be officially approved in writing by the WBSC Executive Director before being released to all participants.

C9.5. If there are difficulties concerning the closing date, only the games necessary to establish the final positions of the first three teams will be re-scheduled. No team shall be asked to play more than two games on the same day, unless the case is warranted by exceptional circumstances and agreed upon by both teams affected by this measure. Would the exceptional circumstances persist, and would any of the involved teams refuse to play two games on the same day, the WBSC Executive Director has the authority officially to determine whether they must play or not, and the team or teams will be under the obligation to do it if the decision of the WBSC Executive Director establishes it as to be so. If the team or teams do not agree to play, they will lose the game by forfeit to appear.

C9.6. If a play is in progress at the moment of a failure of the field's lighting system and an additional action is impossible, the game is considered suspended. Whenever the lights are restored, the game shall continue in the same situation that existed at the beginning of the play, which was interrupted due to lack of lighting.

C10. HOME/VISITOR ASSIGNMENTS

C10.1. Opening Round Home and Visitor game assignments are decided once all participating countries are known. An attempt is made to ensure the number of Home and Visitor games is as equitable as possible.

C10.2. Establishing home and visitor teams for the Medal Games shall be done based on the standings of the Round Robin. Teams with higher seed after the Round Robin will be home team.

C10.3 In the event where a team from any round game plays back-to-back games (doubleheader), every effort will be made for the team to keep the dugout utilised in the previous game.

C11. TIE BREAKING

C11.1. The ranking of the teams after the round robin shall be according to the win-loss record of all the games played. A tie exists when two or more teams have the same win-loss record.

C11.2. A tie shall be resolved by following, in order, the procedure set out below:

Round Robin

- a) With two teams tied on wins/losses, rank them by the results of their game in the round robin; the winner is placed ahead of the loser.
- b) With more than two teams tied on wins/losses, rank them in order:
 - i) By the results of their games among themselves in the round robin games. With two teams tied on wins/losses, rank them by the results of their games in the round robin; the winner is placed ahead of the loser.
 - ii) If still tied on wins/losses, by their runs against record in the games among themselves; the team with the lowest runs against is placed ahead of the others, the team with the second lowest runs against is placed ahead of the others, etc., until two teams remain and then rank them by the results of their game(s) in the round robin; the winner is placed ahead of the loser.
 - iii) If any teams tied by their runs against record in the games amongst themselves:
 - (1) two teams – by the results of their games amongst themselves in the round robin games;
 - (2) More than two teams – by their runs against record in all the round robin games; the team with the lowest runs against is placed ahead of the others, the team with the second lowest runs against is placed ahead of the others, etc., until two teams remain and then rank them by the results of their game(s) in the round robin; the winner is placed ahead of the loser.

C11.3 For a tied team, “runs against” is the total number of runs scored by the specified opponents of that team.

C12. ALTERNATE DETERMINATION OF CHAMPION

C12.1. In case of rain during the Round Robin and/or Finals, it will proceed as follows:

- a) If rain prevents the playing of all the Round Robin and/or Finals, an extra day will be used to permit the top finishers from the Opening Round to play a game or games to determine the title.
- b) If rain disrupts the Round Robin and/or Finals before completion, all efforts will be made to determine a champion, or the first two spots, by playing only the game(s), which remain to determine those spots. If a decision regarding final standings must be made without playing a game, the tie breaking criteria from C-11 shall apply.

D. FOR THE USE AND CARE OF PROPERTY AND INSTALLATIONS

D1. The participating teams will be responsible for the damages to or disappearance of property in the places where they will be accommodated during the competition. The following procedures will be applied:

- a) A LOC representative and one person from each team will inspect the dormitories upon arrival of each team, and an inspection report will follow.
- b) A clearance certificate or a bill for damages and alleged disappearances of property will be prepared by the LOC (in writing) at the end of the competition and submitted to the team Leader of each non-local participating team before leaving the city.
- c) A certificate in writing will certify that the LOC does not have any claim for damages or disappearance of property against the team or any of its members and that it does not know of the existence of any claim against the team.
- d) A written invoice for damages or disappearance of property will specify the damages claimed, the disappeared article(s), name and address of the affected person(s) and amount of the claimed compensation.

D2. In the event of a claim for damages and/or disappearance of property against a team, the LOC and the WBSC will conduct a complete investigation of the events, proposing the corresponding steps to be taken.

D3. Failure to fulfil the stipulations of this section shall mean that the LOC loses the right to make any claim for damages or disappearance of property against any offending team and the WBSC.

E. OTHER MATTERS

E1. USE OF ELECTRONIC DEVICES

The use of electronic devices is forbidden during the games. None of the electronic devices such as cellular phones, laptops, tablets, video cameras, walkie-talkies shall be used to communicate to on-field personnel, those in the dugout, bullpen, clubhouse and stands. Exceptions to this rule:

- Use of phone/cellular phone to communicate between dugout and bullpen if not adjacent and there is no internal line. However, such device must be approved by WBSC in advance.
- For World Cups, videotaping will be allowed in designated areas. Each team is allowed one video camera with a tripod and may record games for training purposes with the following requirements:
 - The cameras need to be set up in designated areas not less than 25' to the left and right of centre field, or at any location at the venue approved by WBSC, but cannot interfere with spectators or games in progress;
 - Computers and other electronic equipment may be used except for immediate transmission of information to the playing teams.
 - No videotaping will be allowed behind home plate between 1st to 3rd base, including from spectators seating areas.

No microphones or cameras are permitted in the dugout, bullpens or on the field of play without the approval of WBSC. The participating teams must obtain approval of WBSC before using any electronic equipment during a game.

E2. USE OF SOCIAL MEDIA

The use of social media by uniformed personnel of team delegations is not allowed during the games. If any violation is detected, individual(s) and National Federation(s) in question will subject themselves to fines and penalties by WBSC. If your team staff is in the stands during the entire duration of the game, such person may use electronic devices. However, the use of electronic devices is prohibited when in and close to dugouts. Before and after the game, the use of such electronic devices is allowed. Fans can follow the official online play-by-play, live-stream and/or @WBSC. Press officers stationed in designated press zones are encouraged to share posts (no video footage of the game) to social media during the games.

E3. BREAK BETWEEN INNINGS

The amount of time between innings shall be set at sixty (60) seconds unless stated otherwise by WBSC, in which case the Tournament Director shall inform the Technical Commission accordingly. The Technical Commission shall communicate to the umpires and the participating teams if any special requests have been granted. Umpires shall keep between-inning timings on the field. After signalling "one more pitch," the home plate umpire shall actively call the leadoff batter to approach home plate. The goal is to have the first pitch delivered immediately after the inning break concludes.

E4. SMOKING AND SMOKELESS TOBACCO

Any members of team delegation are not permitted to smoke, including but not limited to tobacco in any form, vaping, e-cigarettes or alcohol, in places that are visible to the public, including audiences on media outlets such as TV, Internet streaming, etc. It is the responsibility of the delegation leader to ensure such smoking is not seen by the public as long as they are in game venues and practice facilities as well as other tournament official activities. Any violation of this rule will be taken seriously, and violators would be subject to disciplinary action as WBSC may deem appropriate. The use of smokeless tobacco is also prohibited for team delegation members during televised interviews or appearances. While spectators are permitted into the competition venue, the delegation leader must ensure that such tobacco products (including tobacco tins or packages) are not visible to the audience.

E5. TEAM PRESENTATION

All official delegation members must wear official game uniforms at the tournament venues. For uniformed personnel, including players and coaches, they must wear the game uniform during their stay at the venues when participating in official activities (e.g., games, ceremonies, any other events as requested by WBSC). For non-uniformed personnel staying in the dugout during the games, they must wear official team apparel provided by their respective teams or organisations. All official delegation members must be mindful of how their teams are presented and must maintain professional attire at all times at the venues.

E6. MEDIA OBLIGATIONS

On game and workout days, players and coaches shall be present at media interviews and press conferences, if so, requested by WBSC or its partners. All players and coaches must go through the mixed zones at each venue, if any. All official delegation members shall also cooperate on all other media opportunities reasonably requested by WBSC or its partners. Team Delegation Members must wear game uniforms at the press conferences and other media appearances if requested by WBSC.

F. FINAL DISPOSITIONS

F1. During the course of a competition, the WBSC Executive Director and the Technical Director and the LOC shall have the authority to jointly make decisions on any point not specifically covered in this document, according to each competition.

F2. Any unforeseen circumstances which arise and are not specified in the WBSC Tournament Regulations, then the WBSC Statutes, Disciplinary Rules, Code of Ethics, Protocol, Sanction Procedure and International Game Rules and other WBSC official documents, as well as the Official Rules of Softball, will serve as the primary source of guidance for all WBSC Tournament Officials.
