**Subject: Request for Development Support from WBSC Europe**

Dear National Federations,

As we continue to foster the growth and development of softball and baseball throughout Europe, I am writing to inform you about the development procedure and the opportunity for your National Federations to request financial support from WBSC Europe for various projects.

WBSC Europe is committed to supporting the advancement of softball and baseball at all levels, and we are eager to collaborate with National Federations to bring their innovative projects to life. We believe that investing in the development of the sport will result in the growth of grassroots participation, the improvement of coaching standards, and the overall success of our beloved sports.

To facilitate the process, we have established a comprehensive development procedure that outlines the necessary steps for National Federations to submit funding requests. The procedure ensures fairness, transparency, and efficiency in the evaluation and allocation of development funds. Allow me to provide you with an overview of the key components.

I urge you to carefully review the attached development procedure document, which provides detailed instructions and guidelines for submitting your funding request.
