

Appendix 3: Streaming Appendix

Electronic Recording of Games at Softball Europe Competitions

1. No person may record a game at a Softball Europe (SE) Competition, whether or not for profit, by any means than in conformity with the provisions of this CR.
2. The Federation of a participating club or national team may receive permission to record one or more games at a Softball Europe Competition. The permission is provided by the Organizers and *WBSC Europe* if the games are not streamed by them.
3. The following conditions apply to every license granted under this provision:
 - 3.1. Recording equipment may be operated only by accredited personnel called a Team Camera Operator (TCO).
 - 3.2. *WBSC Europe* shall provide the procedure of accreditation. Chair of TC at such competitions must be informed about the procedure. The Organizer has to provide a list of all accredited media to EC or Chair TC, if EC is not present.
 - 3.3. Recording may be used solely for training and scouting purposes and not broadcast, published, transmitted or used for any other purpose (for example YouTube, TV, Internet, etc.) without written permission of *WBSC Europe*.
 - 3.4. Videotaping is possible to make from wherever the Organizer permits to do so.
 - 3.5. Videotaping with a tripod is not allowed behind the backstop, behind home plate between 1st and 3rd base and must not cause any disturbance to spectators. Only TC SE can make an exception for electronic broadcasting behind the backstop for National TV, special recording provided by SE or for any other special reason.
 - 3.6. SE or TC at a SE Competition may impose other requirements to ensure compliance with this provision and the Competition Regulation in general.
4. Each violation of the provision shall result in a fine of not less than Euro 2.000 payable by the Affiliated Federation of the team involved or, if the situation warrants, further disciplinary action as appropriate.
