HOST CITY Caronno Pertusella

Caronno Pertusella is an industrial town close to Milan, while belonging to the Province of Varese. It has 18.500 inhabitants and it is easily connected to the main city by commuter train.

Two airports are conveniently located:

Malpensa International Airport, connected by train to Saronno (20 minutes) and then Caronno Pertusella (5 minutes).

Milan Linate International Airport, connected to Milan by underground and to Caronno Pertusella by train (35 minutes).

Renting facilities are available by the airports.

The playing field is 2,5 km far from Caronno Pertusella train station and there is no public transportation available.

MILAN is at short distance

Milan is the second Italian large city and is easily reachable from Caronno Pertusella via the Trenord S1 or S3 lines (Bollate and Saronno are on the same train line).

In less than 30 minutes, you'll be in the heart of a city as fast-paced as the athletes.

The center is dominated by the Duomo: climb its terraces for views reaching the Alps. Nearby, the Galleria Vittorio Emanuele II is the essential stop for a high-end coffee.

For green relaxation, Parco Sempione connects the Sforza Castle to the Arch of Peace.

The Isola district, near the Vertical Forest, is ideal for a trendy and dynamic *aperitivo*.

The Navigli canals are the place to celebrate a win among pubs and glowing waterways.

The metro system is excellent with five underground lines.

Don't forget a gastronomic break for a classic Milanese risotto or a breaded cutlet.

The city's energy is contagious, perfect for those who thrive on adrenaline.

Milan is more than just a destination; it's the perfect match for your sporting trip.
